

Vidhi Shah

FX ARTIST

SUMMARY

FX artist with a strong background in creating dynamic visual effects for film, television. Skilled in using industry-standard software such as Houdini, Maya, and Nuke to bring creative concepts to life. Adept at collaborating with cross-functional teams to deliver high-quality FX work on tight deadlines. Passionate about pushing boundaries and exploring new techniques in the field of visual effects.

SKILLS

- Adobe Photoshop
- Adobe After Effects
- Adobe Premiere Pro
- Cinema 4D
- Houdini (learning)
- Maya (learning)
- Realflow (Learning)

EXPERIENCE

- CFX Artist

FrameStore Oct 2022 - Dec 2022

• Grooming: Design and style hair using grooming tools to define its shape, flow, and appearance

• Hair Dynamics: Ensure hair reacts realistically to character motions, collisions, and environmental factors. Use collision detection to prevent hair from intersecting with other objects.

• Rendering: Configure hair shaders and lighting to achieve realistic texture and shine. Optimize render settings to handle complex hair simulations efficiently.
- Motion Graphics Desginer

Cosmos Maya Digital Studio Feb 2020 - Jul 2020

• Visual Appeal: The animations are appealing, featuring bright colors, smooth transitions, and dynamic graphics that capture students' attention.

• Concept Break down: Animations break down complex topics into smaller, more manageable parts, often using step-by-step visual explanations to build understanding incrementally.

• Motion Graphics: Employ motion graphics to highlight key information and data in a visually engaging manne.
- Motion Graphics Designer

Rudri Picures Oct 2019 - Jan 2020

• Animation and Visual Effects: Creates animated graphics, logos, and text for videos, advertisements, or digital content.

• Software Proficiency: Uses tools like Adobe After Effects, Cinema 4D, and Blender to design and animate motion graphics.

• Creativity: Transforms static designs into engaging animations that capture attention
