ACADEMIC PROJECT

- **Project Title:**

NHAI

Project Brief: The National Highways Authority of India (NHAI) oversees the development, maintenance, and management of India's national highways. A typical NHAI civil project involves planning, designing, and constructing new highway stretches or upgrading existing ones to improve transportation infrastructure. These projects aim to enhance connectivity, reduce travel time, and support economic growth by ensuring efficient movement of goods and people. Environmental sustainability and adherence to safety standards are integral aspects of these projects.
