OBJECTIVE

Passionate and skilled software developer with a Master of Computer Application, proficient in Java, Spring Boot, Angular, HTML, CSS, and JavaScript. Seeking a challenging position at a forward-thinking company where I can leverage my expertise in backend and frontend development to build innovative solutions and contribute to the company's success.

EXPERIENCE

PHARVINEX CHEMPHARM PRIVATE LIMITED
August 2024 - Present

software developer
Technologies: Angular, Spring Boot, MySQL

Developed a comprehensive company website as a full-stack solution. Responsibilities include regular maintenance and updates based on evolving company requirements, ensuring functionality improvements, and optimizing user experience. Worked closely with stakeholders to implement requested changes, leveraging both frontend and backend technologies to deliver a seamless platform.

EDUCATION

CHANDIGARH GROUP OF COLLEGE
2024

Master of Computer Application

HINDUJA TRUST OF MANAGEMENT STUDIES
2022

Bachelor of computer application
Grades - **8.56**

SKILLS

BACKEND - Java, Spring Boot, Spring MVC, Spring security, REST API, JSP, Servlet,FRONTEND - Thymleaf, HTML, CSS, JavaScript, Angular, ,DATABASE - MYSQL, Oracle Database ,

PROJECTS

TECHNICAL BLOG
TECHNOLOGY - JSP, SERVLETS, BOOTSTRAP, SQL

I developed a dynamic web application using JSP and Servlets with Java for back-end logic and Bootstrap for front-end design. I implemented features for user authentication and profile management, allowing users to create, modify, and manage their profiles. Additionally, users could dynamically post articles. The application utilized an SQL database for data storage and management.

E COMMERCE APPLICATION
TECHNOLOGY - SPRING BOOT, ANGULAR, SQL, BOOTSTRAP,
STRIPE PAYMENT GATEWAY

For my final year project in MCA, I developed a comprehensive web application using Spring Boot for back-end services, Angular for front-end development, and Bootstrap for responsive design. Integrated the Stripe Payment Gateway for secure online transactions. Additionally, I implemented features such as adding products to a cart and tracking product orders. The application utilized an SQL database for efficient data storage and management .

COMPUTER GURU ACADEMY
TECHNOLOGY - SPRING BOOT, ANGULAR, SQL, MATERIAL UI

Role: Full-Stack Developer

Developed a full-stack website for Computer Guru Academy to showcase available courses and provide daily updates on class schedules and activities. Worked closely with the client to ensure the platform met specific educational needs and streamlined communication with students.
